COURSE INFORMATION

Educationally Relevant Assessment, Intervention and Service Delivery for the School Based SLP

Perry F. Flynn, CCC-SLP

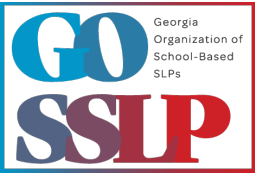

This interactive presentation will explore educationally relevant assessment, intervention and service delivery. The focus will be on individualization of all three aspects of assessment, intervention and service delivery. Case studies will be used and examples will be provided to help audience members better tailor services to students in a variety of school settings.

Objectives:

- Identify a variety of assessment tools that will provide educationally relevant information about a student's educationally relevant communication skills
- Identify expectations of communication skills by grade level from the Common Core State Standards
- Write a lesson plan given a case history for a classroom based therapy session using a piece of children's literature that is tied to grade level educational standards
